

HI, I'M PIETER NOTELAERS.

TECHNOLOGY & DESIGN ADDICT

I'm passionate about designing & building technology solutions that make people's lives easier. People say I am a "Digital influencer", I like to show & explain people the added value of digital and it's contribution to an improved user experience.

I have over 20 years experience in delivering a wide range of innovative, agile & cost efficient information technology solutions for customers, varying from small and medium enterprises to large enterprises with thousands of employees.

I grew up and still live in Tongeren, the oldest town of Belgium. I am married with Inge, a notorious entrepreneur, and I am the proud father of 2 girls, Lotte and Kato. In my spare time, I am an avid sports fan.
